1 Mermon Avenue, Nesquehoning

# SPECTRUM OF SUPPORT

Spend a relaxed family evening learning about the services and support available to children and families experiencing a Spectrum diagnosis. Your children will enjoy fun sensory stations and have an opportunity to interact with first responders. Parents will learn about financial assistance, medical and therapy services available in the area, and career services for their older children transitioning into the work world. Enjoy a fun, informative, supportive evening including a light meal for everyone.

## ***Presentation Highlights***

- **Physicians**
- **Therapists**
- **First Responders**
- **Financial Counselors**
- **Career Counselors**
